

Sales Terms & Conditions

Last Update: 25/03/2024

1. General

The terms and conditions below constitute the entire agreement between “the customer” and Fibreplus Ltd. “Fibreplus” for the sale of available equipment. Unless otherwise agreed in writing by Fibreplus, these terms and conditions will apply to all transactions between the Customer and Fibreplus to the exclusion of any other terms and conditions. These terms and conditions do not affect your statutory rights as a consumer as defined by the Unfair Contract Terms Act 1977 or any statutory modification of that Act. Fibreplus reserve the right to alter or amend these terms without prior notice.

2. Charges

The cost of sale shall be agreed and be invoiced in advance inclusive of delivery charges and applicable taxes.

At any time prior to being invoiced, Fibreplus reserve the right to alter delivery and collection charges and any discounts without prior notice.

All charges are payable on demand. This will be without prejudice to any other rights or remedies we may have. You will also pay to us any reasonable charges we incur in the recovery from you of money or equipment.

3. Delivery

Separate charges will be made for delivery of the equipment. Details of Fibreplus’ standard transport charges for delivery of equipment are available upon request. Where the Customer’s own transport is used it is the Customer’s responsibility to ensure adequate insurance cover is in place.

a) Service and repair shipping

If the customer requests an advanced replacement, subject to purchased warranty, whilst their splicer is in for repair/service, Fibreplus can provide a delivery/collection service. Fibreplus will arrange the delivery of the replacement and the collection of the customer’s splicer. The goods will be fully insured during carriage. Fibreplus will arrange this at a cost of £20+VAT each way, for each item. In this instance, it is the customer’s responsibility to ensure that the equipment is made available for collection at the agreed time. If the equipment is not available for collection or not suitably packaged, Fibreplus reserve the right to charge the costs of the failed collection to the customer subject to a minimum charge of £15. The customer can decide to arrange delivery of their splicer to Fibreplus at their own cost. Full liability for loss and damage of goods in transit will rest solely on the customer.

4. Money Back Guarantee

Fibreplus offer a money back guarantee on the sale of all new splicers. If for any reason the customer is not satisfied with the operation and/or the performance of the splicer the customer may return the splicer to Fibreplus for a refund of the purchase price as long as the following conditions are met.

- a) The splicer must be returned either (whichever comes first);
 - i. Within 14 days of delivery or
 - ii. With less than 100 splices
- b) The splicer must be returned in an 'as sold' condition. Any cosmetic damage to the splicer will be rectified by Fibreplus and deducted from the refund to the customer.

Should Fibreplus offer refurbished second user splicer for sale, a line diagram showing any defects will be added to show the 'as sold' condition, along with calibration and PAT certificate. Any refund will be for the price of the equipment being returned and does not include any shipping charges. The cost of returning the splicer for refund will be paid by the customer and no refund will be issued until the splicer has been booked back into the Fibreplus service centre and fully checked by its engineers. This may take up to 72 hours and is chargeable.

The customer may request the collection of the splicer by Fibreplus' own fully insured courier service and this can be arranged for a fee of £25+VAT.

On receipt of a new or refurbished splicer any unreported cosmetic defect or functional faults are to be reported to Fibreplus within 72 hours.
